

Does your child have trouble controlling his or her anger?

Does your child:

- *Frequently lose his or her temper?*
- *Get into fights?*
- *Break things in anger?*

The Ohio State University Nisonger Center is currently enrolling for a research study to evaluate a drug for impulsive aggression in children with Attention Deficit/Hyperactivity Disorder (ADHD).

YOUR CHILD MAY QUALIFY IF:

- They are between the ages of 6 and 12
- They have a diagnosis of ADHD
- They have a history of episodes of impulsive aggression

Participants will receive study-related care and study drug (or placebo) at no cost and receive some compensation for their time.

For more information, please call Melissa Miller at 614-685-7373 or email Melissa.miller2@osumc.edu.
